

# Industrial Hygiene

Recognize, evaluate, and control  
harmful contaminants.

**TRIMEDIA**  
ENVIRONMENTAL & ENGINEERING

# Protecting your workers and community from hazardous environmental factors will set your business up for success.

TriMedia's team of Certified Industrial Hygienists and support staff are trained and experienced in recognizing, evaluating, and controlling harmful contaminants that can have negative impact on your employee's health and productivity.

Whether your concerns are with compliance issues, air quality, or building contaminants, TriMedia will develop a tailored plan to specifically suit your needs.

## Our Team

With over two decades of experience in public and private sectors, our industrial hygienists and support staff will help you get and keep your next project on track.
